Linear actuator

The actuator can be used with bracketing on the diesel feed pump to control engine speed

TECHNICAL DATA SHEET

FEATURES	
Aluminium rod	
Standard protection	IP44
Work cycle	S3 10% based on 10 min
Operating temperature	-10 °C ÷ +60 °C
Maximum Force	500 N
Maximum Speed	8 mm/s
Stroke	100 mm
Voltage	12 - 24 V
